

## TRACK DAYS – WINTER 21/22 SEASON

You can access these events if your bike is stored with us, or you rent a bike, or you transport your own bike to the circuit.

### **EVENT PRICES INCLUDE:**

- Live timing, use of transponder & free access to your lap times
- Free entry to sprint sessions at selected events (see below)
- Shared space in a garage/box & groups arranged by lap times

### **EVENT FORMATS:**

**4x40(20):** 4 groups of 40 max (all/most sessions are 20 minutes).

**3.5x35(20):** 3 groups of 35 (20 min sessions) with a 4th group that has only 3 sessions/day. Typically the 4th group is for bikes up to 300cc with fast riders one day and beginners or father/son combinations on the other. Contact us for more info.

**4x30(15/20):** 4 groups of 30 max (sessions are a mix of 15 and 20 minutes)

**VIP:** These events have far fewer riders. VIP formats vary (see below) but typically they have between 50% and 75% fewer riders than a normal 4x40 event would have.

**VIP OPL40:** Open pit lane for 40 riders with a recommendation that, when possible, the fastest 20 use the first half of each hour and the slowest 20 use the last half hour.

**VIP 3x20(TBA):** Starts with 3x20(20) format. Then the riders can choose to switch to a 2 group format subject to the spread of lap times not being too wide in either group.

**RC 4x28(20/30):** Race Camp for fast riders/racers only. 4 groups according to class (SBK, STK, SSP & SSP300). Garage/box space is not included in RC event prices but it is available at extra cost (contact us for details).

**SPRINT SESSION:** Available on 1 or more days where the format is **highlighted blue**. 6 laps, rolling start in order of best lap time from the previous day, 35 riders max.

**EARLY BOOKING PRICES:** The 2 prices shown (i.e. £550/580) are for bookings more than 14 days before the event (lower price) and for later bookings (higher price).

**CLUB TS MEMBERSHIP:** This is available from £295 per season. Club members get lower track day prices as shown in the Club TS members' column.

**EVENT STATUS:** CONFIRMED & AVAILABLE PROVISIONAL/TBC FULLY BOOKED

## ADMINISTRATION

Track Sense deals with bookings & admin prior to the event, and where there is a significant number of Track Sense riders for any event, Track Sense staff will also attend the event. If there are only a handful of Track Sense riders, Bike Promotion will deal with admin on the day. Event formats/details are all jointly designed and agreed by Track Sense and Bike Promotion together – so even when we are not present at an event, you can be sure that we have approved the event format in advance. Track Sense acts as an agent for ITR-Germany GmbH (Bike Promotion Europe).
