CIRCUIT INFO:

In 2016, the owners of Almeria built the original Andaluca Circuit right next door (the other side of the paddock!) to the much-loved Almeria Circuit. Then in 2017-18 the original circuit was massively revised and extended to create the new much longer, faster and more flowing circuit, which we will use for this event.

At 5km long, Andaluca is a longer lap than Almeria, but the big elevation changes and mix of different corner types all combine to give a similar "roller-coaster ride" effect.

There are 17 corners in all (9 right & 8 left), the main straight is over 1km long (the longest in Spain), and if you can manage to steal a glance as you ride around you'll see some amazing views of the surrounding mountains and countryside.

Andaluca has its own paddock and garages, but shares the cafeteria with Almeria. It also shares the same great climate as Almeria too – the local area is classed as a desert, and it doesn't come much drier than that!

Many race teams are now testing at Andaluca and the circuit is now hosting race meetings such as the very competitive Andaluca championship too.

Check out the circuit's website at www.andaluciacircuit.com for more info, photos, etc.

Suitable insurance details & contacts are provided as part of your booking confirmation and can be found on our website.

Note: Riders that require medical treatment and have insurance on a policy underwritten by Travel Insurance Facilities (this includes Holidaysafe, Travelmaster, Voyager, Infinity, BeMoto and others) must be taken to the state-owned hospital in Almeria instead of the private hospital that is normally used, and must provide a returnable deposit of £150 to cover the cost of an ambulance if required.
