CIRCUIT INFO:

Andalucia and Almeria circuits are right next door to each other (literally on opposite sides of the same paddock!) and both offer an addictive mix of corners and elevation changes that combine to give a real "roller-coaster ride" effect. The 9km Espana circuit is created by joining these 2 circuits together to form one very long lap with 2 pit lanes that can be used simultaneously! For more details on the Andalucia and Almeria circuits please use the "click for details" link next to any of the Andalucia or Almeria events listed on our website.

TRACKDAY INFO:

All track days include use of a transponder, free access to your lap times, groups arranged by lap time and space in a garage (subject to fair & equal use by all riders).

BIKE TRANSPORT:

The basic prices shown below are based on transport from Sandy in Beds using one of our purpose-built steel cradles. Other collection points are available nationwide (incl. Scotland and Northern Ireland). See events/bike transport page on our website for details.
