...THE ULTIMATE TRACK DAY EXPERIENCE...

TRACKDAY MEDICAL INSURANCE DURING COVID19

MEDICAL INSURANCE IS COMPULSORY:

Medical treatment in Spain is not automatically available free of charge, and treatment required as a result of a dangerous activity (such as track days) is normally chargeable at most hospitals, so all circuits in Spain/Portgual insist that all riders are properly insured for medical costs. Standard travel insurance and the European Health Insurance Card (EHIC) scheme do not cover track days so all riders must obtain specialist insurance that covers any medical expenses that may result from participation in a motorcycle track day event.

You must email us a copy of your insurance at least 3 days before the event.
NO INSURANCE BY EMAIL = NO TRACK DAYS!

SUITABLE INSURANCE IS AVAILBLE FROM RBG SPORT:

RBG are probably the largest and most well-known provider of track day insurance in Spain. Their insurance is universally accepted by all circuits in Spain/Portugal and it does cover the private hospital that is used for the Almeria/Andalucia/Iberia circuits. It also covers amateur racing, so you would be covered for any fun races you want to take part in. This insurance covers European & UK residents for medical & repatriation costs resulting from an incident on the circuit and remains valid during the Covid19 pandemic. The limitations of cover are as follows:

Medical expenses in Spain & abroad: Up to €30,000
Medical transport of injured riders: Included
Repatriation of mortal remains: Included
Extended hotel stay (if required due to injury): Up to €100 per night (10 nights max)
Age limit: 70 years old.
Note that this insurance only covers circuit-related incidents and does not cover you outside of the circuit.

RBG PRICES & OPTIONS:

1 DAY: €25 per day (contact Track Sense for more details)
UP TO 4 DAYS: €41 per event (buy direct from RBG Sport – see below)
ANNUAL POLICY: €89 per year (buy direct from RBG Sport – see below)
Note: 4 day & annual policies must be purchased at least 6 days before the event – only 1 day policies can be arranged after this time. At this time, it is not known if this insurance will continue to be valid for UK residents after Brexit (it depends on what Brexit deal is done).

IF YOU HAVE ANOTHER INSURANCE:
If you have (or can get) some other suitable insurance you can use it but you must check with your provider to make sure the policy is still valid during the Covid19 pandemic.

EUROPEAN HEALTH INSURANCE CARD (EHIC):
An EHIC is available free of charge for most UK residents and offers free or discounted medical treatment at state-owned hospitals in the EEC, but it does not cover dangerous activities such as track days, it does not offer any discount at privately owned hospitals, and it does not cover repatriation costs.
So while it is essential to have an EHIC for any trip to Europe, it WILL NOT be accepted as proof of insurance for riding on the circuit.
UK residents can apply online for an EHIC free of charge at https://www.ehic.org.uk
